

**Mark Deliduka**, from Rowland Heights, shows off his Monkeemobile at the July Cruise Night theme meeting. The Revell kit took 42 hours, spread over three weeks, and was an easy build. Mark is known for his collection of almost 900 1/72 scale armor models. He also enjoys building sci-fi/space themes, 1/72 aircraft and 1/500-700 ships. He's been building scale models for 53 years and averages about 50 models completed per year. You can see Mark's works-in-progress and completed builds on the following sites:
